All Children Ready for School Annandale Early Ed to AES K Transition	Due to covid and access to the Elementary building this year it was a drive by event. During the event 113/161 or 70.2% of expected families showed up and received information about their student and expectations in the fall.	Annandale Early Education and Kindergarten will increase the percentage of families attending transition to K activities sponsored by pre-K and K educators. The percentage of families attending the February transition to K event supported by K and early education teachers will increase by at least 3% to 78% in 2021. Participants will be asked to sign in an attendance record.	As recorded by the transition to Kindergarten teacher 88% of preschool families attended the Kindergarten Round up night in February.	Annandale Early Education and Kindergarten will increase the percentage of families attending transition to K activities sponsored by pre-K and K educators. The percentage of families attending the February transition to K event supported by K and early education teachers will increase by at least 3% to 91% in 2022-23.
All Children Ready for School Annandale Early Ed	N/A	In the Spring of 2022, 50% of the participants from Annandale Elementary Preschool will be able to identify all numbers 1-10 and 60% of all capital letters.	From data last year in Preschool, 82% of student participants could identify numbers 1-10. Of those same students, 75% of students could identify 60% of upper case letters.	In the Spring of 2023, 70% of the participants from Annandale Elementary Preschool will be able to identify all numbers 1-10 and 60% of all capital letters.
All Children Ready for School Annandale Early Ed to AES K Transition	Due to covid and the restrictions put on space Camp Kindergarten was limited to one section this summer. 14 students participated in the program	The fee based Camp Kindergarten will be increased to 2 sections. Due to space each section will only include a maximum of 16 students.	Fee based Camp Kindergarten was lower in numbers this past year. There was only 1 section of 7 students. This was due to the busy week on the calendar and other programs that were competing for time.	In the summer of 2023, Camp Kindergarten, ECFE summer camp, and Preschool Camp will have a combined 4 sections totaling 35 students. These opportunities prepare them for Kindergarten in the fall.
AES Kindergarten Literacy Measure	Elementary teachers were able to measure reading proficiency for the 4th quarter. 143/160 students or 89% of kindergarteners were reading at grade level at a 95% or better.	By the end of 4 th quarter, 85% of all kindergarten students will be able to meet all literacy measures at a 95% success rate or better.	Elementary teachers were able to measure reading proficiency for the 4th quarter. 157/171 students or 92% of kindergarteners were reading at grade level.	By the end of the 4th quarter, 85% of all kindergarten students will be able to perform at 95% grade level proficiency on their reading tests administered by the teacher..

In 2022, 56.1% of all grade 3 students achieved proficiency in the MCA-III Reading in all forms. (83/143 scored exceeds or meets)	In 2023, 59.1% of all grade 3 students will achieve proficiency in the MCA-III Reading in all forms.
AES MCA Literacy Measure	In 2021, 64.3% of grade 3-5 students enrolled for at least half the year achieved proficiency. Due to the covid and day disruptions most of the state of Minnesota dropped in MCA scores.	In 2022, 67.3% of grades 3-5 students enrolled for at least half the year will achieve proficiency as measured by MCA-III Reading in all forms.	In 2022, 65.9% of grade 3-5 students enrolled for at least half the year achieved proficiency on the MCA Reading test..	In 2023, 68.9% of grades 3-5 students enrolled for at least half the year will achieve proficiency as measured by MCA-III Reading in all forms.
AES ELA Literacy Curriculum & Instruction	At the end of the 2020-2021 school year, all but one teacher at the Elementary level K-5 was trained in Small Group Guided Reading Strategies. 40/41 or 97.6%. This was determined by outside consultants from Fountas and Pinnell under the supervision of Mr. Klippenes.	In 2021-2022, teachers at the Elementary level K-5 will show proficiency as measured by the Principal Mr. Klippenes in Small Group Guided Reading Strategies.	At the end of the 2021-2022 school year, all teachers at the Elementary level K-5 were trained in Small Group Guided Reading Strategies by consultants from Fountas and Pinnell under the supervision of Mr. Klippenes	In 2022-2023, teachers at the Elementary level K-5 will show proficiency as measured by the Principal Mr. Klippenes in Small Group Guided Reading Strategies. He will assess the teachers that are being observed this year.

AES Math Literacy	Over the course of 2020-2021, Principal Jon Klippenes assessed the progress the teachers made in Everyday Math 4. Mr. Klippenes thinks staff have made progress in EM4	Over the course of 2021-2022 staff at the Elementary school will increase their proficiency with EM4 online components and fact practice. This will be accomplished by using half the staff meetings for staff development.	Over the course of 2021-2022, Principal Jon Klippenes assessed the progress the teachers made in Everyday Math 4. Staff increased their understanding through staff developments and time spent on training.	N/A
AMS MCA Literacy Measure	In 2021, 64.7% of grades 6-8 students achieved proficiency on the MCA –III Reading in all forms.	In 2022, 67.7% of grades 6-8 students enrolled for at least half the year will achieve proficiency as measured by MCA-III Reading in all forms.	In 2022 59.2% of grades 6-8 students achieved proficiency on the MCA –III Reading in all forms.	In 2023, 62.2% of grades 6-8 students enrolled for at least half the year will achieve proficiency as measured by MCA-III Reading in all forms.
AMS Math Literacy	N/A	In 2021-2022 school year the middle school will expand its co taught math sections to include partially meets students as measured on the MCA Math test.	During the 2021-2022 school Annandale Middle increased 2 sections in co-taught math.	Annandale Middle school will increase Math literacy through connecting math with more allied classes. Math will be taught in more classes than the core classes.
AMS Shared Staff Development	In 2020-21, teachers at the middle school identified and produced a product of their safety net standards in each class. This was done under the guidance of Jeff Erickson.	In 2021-2022, Mr Erickson will continue his work with standards and work towards common assessments with an increase in high level thinking skills. This will be achieved by spending 50% of his staff development time for the year on standards.	During the year of 201-2022, Mr. Erickson spent about 65% of the staff development time on standards to increase alignment.	In 2022-2023, Mr. Erickson will work on SEL, social emotional learning, with his staff. This will be achieved by spending 50% of his staff development time on SEL this year.
AHS MCA Literacy Measure	In 2021, 56.8% of grade 10 students achieved proficiency as measured by the MCA-III Reading in all forms.	In 2022, 59.8% of grade 10 students enrolled for at least half the year will achieve proficiency as measured by MCA-III Reading in all forms.	In 2022, 56.8% of grade 10 students achieved proficiency as measured by the MCA-III Reading in all forms.	In 2023, 59.8% of grade 10 students enrolled for at least half the year will achieve proficiency as measured by MCA-III Reading in all forms.
ISD 876 Achievement and Integration	Results were reported to the school board on November 22, 2021.	Results will be reported to the school board in November of 2022.	Results were reported to the school board on November 21, 2022.	Results will be reported to the school board in November of 2023.
AHS Graduation Rate	2020 Verified by Minnesota Report Card, the graduation rate for Annandale in 2020 was 95.3%. The state average that year was 83.8%.	2021 Unverified by MDE—98.3% (113/115) of 12 th grade students enrolled on the day of graduation (perhaps not the full cohort), graduated on time.	2021 Verified by Minnesota Report Card, the graduation rate for Annandale in 2021 was 95.7%. The state average that year was 83.3%.	2022 Unverified by MDE—95.7% (110/115) of 12 th grade students enrolled on the day of graduation (perhaps not the full cohort), graduated on time.
AHS College & Career Readiness Individual Plans	Students did not have the chance to participate in many of the activities due to the COVID outbreak and the impact on learning plans and building schedules.	During the 2021-2022 school year, the senior class will have CCR activities 12/37 or 32% advisory days. The advisory time is on Wednesday of each week for 50 minutes.	During the 2021-22 school year, seniors at Annandale High School participated in CCR activities 13/35 or 37% of advisory time over the year.	During the 2022-23 school year, grades 9-12 at Annandale High School will have CCR activities in 20/39 or 51% of advisory days. The advisory time each week is 25 minutes.
AHS College & Career Readiness Visits & Contacts	Students did not have the chance to participate in many of the activities due to the COVID outbreak and the impact on learning plans and building schedules.	Administration team at the high school will develop a more continuous CCR agenda and opportunities for students to learn about their options post secondary.	Administration including Principal, Counselor, Dean, Social Worker, Behavior Specialist and Testing Coordinator met throughout the year to organize, plan, and implement a more meaningful CCR program grades 9-12.	N/A
AHS College & Career Readiness	N/A	N/A	N/A	100% of 9th grade students will take the PreACT test in Spring of 2023. This will be used in the future to help students discover different career paths and opportunities.

AHS College & Career Readiness Assessment	<p>Due to COVID and the different high school schedules numbers were lower than expected. The district also had a rather large number of students who choose to Distance Learn during this year. We still held a testing day which we offered the ACT, Accuplacer, and ASVAB. Participation for the junior class was $118/149 = 79.2\%$.</p>	<p>In 2022, high school staff will guide students in choosing the 2022 spring college/career assessment that will meet their needs: ACT, ASVAB, or Accuplacer. On the spring assessment date, 96% of AHS 11th grade students will complete a college/career assessment that fits their current college/career plans. This could change due to the volatility of COVID and how it impacts the daily schedule of high school.</p>	<p>In 2022 on spring assessment day, 95.3% (122/128) of Annandale 11th grade students took a postsecondary test for college and career readiness.</p>	<p>In 2023, high school staff will guide students in choosing the 2023 spring college/career assessment that will meet their needs: ACT, ASVAB, or Accuplacer. On the spring assessment date, 96% of AHS 11th grade students will complete a college/career assessment that fits their current college/career plans.</p>
